

How to Transfer Photos From an Android phone to a PC

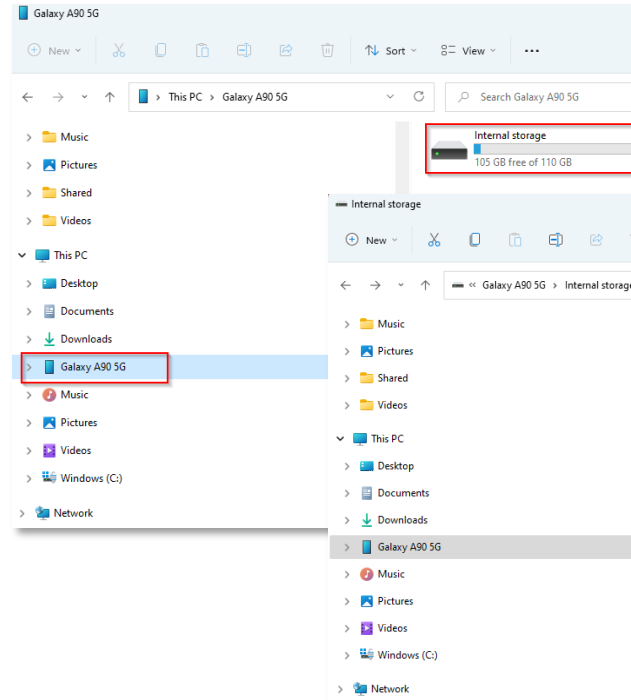

Step 1

While your device is unlocked, connect the USB cable to your device and connect the end into the USB port on the PC

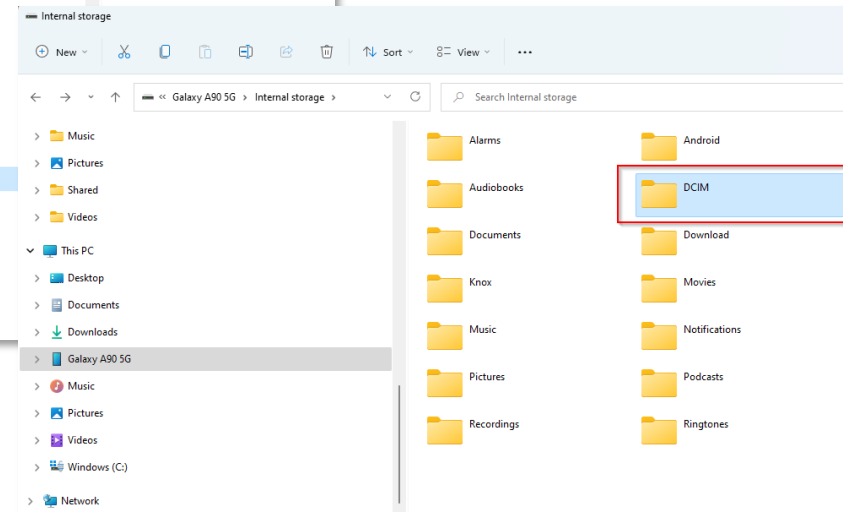

Step 2

On your Android device, select **Allow**

Step 3

On your PC, open File Explorer

Step 4

Under This PC, select your Android Device then double click **Internal Storage**

Step 5

Your photos and videos are stored in the **DCIM** Folder. You can copy and paste the folder to your PC
